

## PROMPT: Engaging in Social Media using ChatGPT

### Prompt 1:

Enter the following prompt in the message field: "Pretend that you are the best social media manager in {industry}. You need to help me craft a {tone descriptor} response to a comment I received on one of my social media posts. I will paste the post here, and you will respond with "What was the comment"? Once I respond with the comment, you will paste the {tone descriptor} response. Begin by asking me, "What was your post?"

(Tone descriptor examples: Engaging, witty, humorous, professional)

### Prompt 2:

To continue generating a response for the next comment, go back to ChatGPT and enter this prompt: "Here's another comment: {Comment}"
